

# STICKERS

**DISCOVER  
AVIATION**

**Born  
to Fly!**

**M**  
MAGNES

Thank you for organizing a Discover Aviation event! Your event will help introduce participants to the wonderful world of flight!

This document is designed to help event organizers easily print and distribute stickers to participants, adding a fun and memorable touch to your event. The sticker designs in this file are in PDF format, making them ready to send to any print shop capable of producing high-quality stickers.

## **Printing Options**

You can order the stickers in two formats:

- Back-Adhesive (standard stickers for any surface)
- Front-Adhesive (perfect for window stickers)

You have the option to request **die-cut** stickers for uniquely shaped designs. Please communicate any specific requirements directly with your print shop to ensure the stickers meet your event's needs.

## **Suggested Size**

To ensure the best quality and presentation of the Discover Aviation stickers, we recommend the following sizes for printing:

- Circular Sticker Designs: 76mm x 76mm (3" x 3")
- Propeller Design: 69mm x 76mm (2.7" x 3")
- Shield Design: 61mm x 76mm (2.4" x 3")

These sizes are ideal for visibility and fit well on various surfaces. Be sure to confirm these dimensions with your print shop to guarantee accurate results.

## **Recommended Print Shop**

For your convenience, COPA recommends using Sticker Mule ([stickermule.com](http://stickermule.com)) for printing. They provide reliable service with fast turnaround times, shipping from the US with an estimated delivery time of 7-10 business days.

## **Need Additional Support?**

If you have any questions or need further assistance, feel free to reach out to us at [communications@copanational.org](mailto:communications@copanational.org). We're here to help you make your Discover Aviation event a success!
